Page Tools Widget

Introduction

The ClubExpress website has a Page Tools Widget that appears on every page. The number of Widgets that are available will depend on the Page.

NOTE: The help system is written with references to the standard Club Express terminology and language. Many of the pages on this site have been custom-built for Carolina Preserve and the terminology in the help system may differ.

You can visit the Quick-Start Guide for **Glossary of Terminology** for clarification

Tool Widget Location on the page

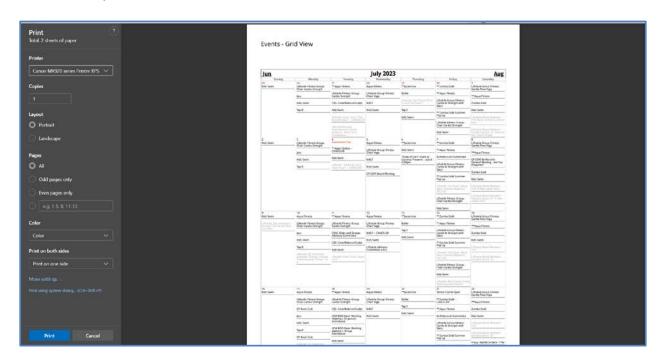

Open the Page Tools Widget by hovering over the righthand side marker.

Once the Widget Box opens, select the desired action.

In the example below, the **Print** action was selected.
